## Hospice Ministries' 9th Annual Golf Tournament

The 9th Annual Hospice Ministries' Golf Tournament was sponsored by *Cellular South*, the nation's largest privately held wireless carrier. The event took place on Tuesday, April 21 at the *Annandale Golf Club* in Madison.

"Community service has been a priority of Cellular South for over two decades," said **Jim Richmond**, director of *Corporate Communications for Cellular South*. "We target academic, athletic, health, wellness, safety, civic and scholarship programs that improve lives and help communities thrive. We also give special priority to programs and services that improve the quality of life for everyone."

Richmond remarked Hospice Ministries not only provides comfort, dignity, and choice for the patient, but also offers patients and caregivers emotional and spiritual support. "Hospice Ministries is making a difference in the lives of thousands of Mississippi residents and their families,".

Each of the 106 players received a travel bag as a gift for participating in the tournament, along with a small soft sided ice chest. Referral Liaison **Kevin Jones** and volunteer **Tatum Goodman** present **Brad Fowler** from *Southern Beverage* with a travel bag.

Referral Liaison **Karen Denham** and volunteer **Anna Harralson** stand with golfer **Charles McGhee** after filling up his soft chest-sided ice chest.

A continental breakfast was provided to the morning players, and the morning and afternoon players came together to enjoy a hearty lunch.

The putting green, sponsored by *Ross & Yerger*, was a popular place as players warmed up for their round of play.

**Kevin Mcgee** of *Service Printers* laughs with **Angie Doss** and **Kim Gray** of *Hospice Ministries* when asked about the number of "mulligans" wanted.

Crystal Fuqua and Bob Schroeder of Hospice Ministries kept the cart full.

Beverage carts sponsored by *Blue Cross/Blue Shield* and *Ergon* were kept busy as drinks provided by *Southern Beverage*, water by *Elite*, and snacks were distributed to the players. Beverage stations provided by *BankPlus*, *Foreman, Perry, Watkins, Krutz & Tardy LLP*, and *Regions Bank* were strategically

placed for a refreshing break, if needed, when the beverage cart was not in sight.

Displayed in the foyer of the club house were prizes, which included a 1<sup>st</sup> place package containing, a *Ruth Chris Steakhouse* \$100 gift certificate, *Mississippi Prison Industries* grill, a cookbook and spices provided by *Luis Bruno*, and wine from *McDade's Wine & Spirit*.

On the course, competition got stiff for the **Closest to the Pin** and **Longest Drive** prizes. Closest to the Pin winner received a *Cellular South HTC Touch phone* and one year contract. Longest drive winner received a \$100 gift certificate from *Edwin Watts* provided by *Home Instead*, Golf shoes provided by *Annandale* and a SkyCaddie SG5 GPS Rangefinder provided by *Hospice Ministries*.

Unfortunately the beautiful new Cadillac provided by *Barksdale Cadillac* as the hole in one prize went unclaimed this year, but several golfers came close and think next year that Cadillac may find a home.

Hole sponsors for the tournament included *Broadway Linen, Copeland Cook Taylor & Bush, First Commercial Bank, Jackson Oncology Associates PLLC, Pileum Corporation, Protel* and *Stan's Pest Control*.

Rounding out the day was an Awards Reception featuring a delicious meal provided by famous chef **Luis Bruno**.

Golfers lined up to receive their dinner with great anticipation. Serving up the delicious meal were Executive Director **Belinda Patterson**, Volunteer **Robbie Carmichael**, Director of Support Services **Isabel Cordua** and Referral Liaison **Karen Denham**.

Staff and volunteers had the treat of working along side **Chef Luis Bruno**. At the right Customer Service Coordinator **Kim Gray** proudly poses with **Chef Luis**

**Bruno**, while Dietary Coordinator **Crystal Fuqua** and Referral Liaison **Kevin Jones** grill vegetables for the dinner. Staff agreed it was an honor to work along side the great chef and learn a few tips along the way.

Excitement filled the room as golfers placed their names in the basket for door prizes. The door prizes were provided by *P. F. Chang's, Renaissance at Colony Park, MS Prison Industries*, and *Shapley's*.

**Darron Byrd** (left) and **Martin Quick** (right) were winners of some of the door prizes.

A great group of volunteers helped with Easter baskets this year. Pictured below are our Easter helpers: **Faye Watts, Garland Fort, Annie Tillman, Travis Tadlock, Joyce Hughes, Mary Clark, Peggy Castilaw, Diane Herring, Faye Tarver, Marie Gray, M.J. ## A New Influenza Virus

**Novel influenza A (H1N1)** is a new flu virus of swine origin that was first detected in April, 2009. The virus is infecting people and is spreading from person-to-person, sparking a growing outbreak of illness in the United States. An increasing number of cases are being reported internationally as well.

It's thought that novel influenza A (H1N1) flu spreads in the same way that regular seasonal influenza viruses spread; mainly through the coughs and sneezes of people who are sick with the virus.

It's uncertain at this time how severe this novel H1N1 outbreak will be in terms of illness and death compared with other influenza viruses. Because this is a new virus, most people will not have immunity to it, and illness may be more severe and widespread as a result. In addition, currently there is no vaccine to protect against this novel H1N1 virus. CDC anticipates that there will be more cases, more hospitalization and more deaths associated with this new virus in the coming days and weeks.

## Symptoms

This novel H1N1 flu virus is causing illness in infected persons in the United States and countries around the world. CDC expects that illnesses may continue for some time. As a result, you or people around you may become ill. If so, you need to recognize the symptoms and know what to do.

The symptoms of this new H1N1 flu virus in people are similar to the symptoms of seasonal flu and include: **fever, cough, sore throat, runny or stuffy nose, body aches, headache, chills and fatigue.**

A significant number of people who have been infected with this new H1N1 virus also have reported **diarrhea and vomiting.** The high risk groups for novel H1N1 flu are not known at this time but it's possible that they may be the same as for seasonal influenza.

## Avoid Contact With Others

If you are sick, you may be ill for a week or longer. You should stay home and avoid contact with other persons, except to seek medical care. If you leave the house to seek medical care, wear a mask or cover your coughs and sneezes with a tissue. In general you should avoid contact with other people as much as possible to keep from spreading your illness. At the current time, CDC believes that this virus has the same properties in terms of spread as seasonal flu viruses. *With seasonal flu, studies have shown that people may be contagious from one day before they develop symptoms to up to 7 days after they get sick.* Children, especially younger children, might potentially be contagious for longer periods.

## What You Can Do to Stay Healthy

**Stay informed.** This website will be updated regularly as information becomes available.

Influenza is thought to spread mainly person-to-person through coughing or sneezing of infected people.

**Take everyday actions to stay healthy.**

- o **Cover your nose and mouth with a tissue** when you cough or sneeze. Throw the tissue in the trash after you use it.
- o **Wash your hands often with soap and water**, especially after you cough or sneeze. Alcohol-based hands cleaners are also effective.
- o **Avoid touching your eyes, nose or mouth.** Germs spread that way.
- o **Stay home if you get sick.** CDC recommends that you stay home from work or school and limit contact with others to keep from infecting them.

**Follow public health advice** regarding school closures, avoiding crowds and other social distancing measures.

**Find healthy ways to deal with stress** and anxiety.

# *A Moment of Silence*

## *Tea Time With God,*

Honor Books, 1998

A man named Alex was having some major difficulties in his life. His first inclination was to call his good friend, Peter. He poured out his heart and shared his pain with a person he knew he could trust.

What did Peter say while Alex unburdened himself? Almost nothing. He knew he couldn't wave a magic wand and solve Alex's problems. For Alex, spending a short time with a friend who simply listened was all the therapy he needed.

When Alex ran out of words, Peter's silence helped him to find a silence of his own-- and some of the peace and quiet and stillness he so desperately needed.

The American philosopher Eugene Kennedy has said: *"We can master the art of being quiet in order to be able to hear clearly what others are saying... to cut off the garbled static of our own preoccupations to give to people who want our quiet attention."*

Thoughtful silence can help us find solutions, or it can simply remind us that sometimes words are not sufficient. The simple love of God is always sufficient.

*The God of peace be with you all.*
